

WELCOME  
TO THE

# Ronald McDonald House

We at the Ronald McDonald House Charities of the Carolinas are committed to providing comfort and compassion during your stay. We are here to assist in your time of need.

Since 1989, the Ronald McDonald House Charities of the Carolinas has provided support to more than 10,000 families. Our mission is to keep families close within a home filled with hope, encouragement, and comfort where parents can focus on their child receiving critical care within our hospital systems.

Our House serves as a quiet place for families to be alone or as a place of companionship through sharing support with other families. Learn more about what we have to offer by scrolling through our website.

Our home is your home.
